Beaver Dam Water Company and Littlefield Water Company have enclosed the requested certification to the commission of the above publication and mailing was completed by 10/29/04. Also, we would like to be on the record of having the above mentioned certification (15 copies & Original) to Docket Control by the end of October. Only to have received them back November 12, 2004 because "Please resubmit an original and seventeen (17) stapled copies of your filing with the correct and complete docket numbers an all copies." We find this particularly inefficient as I called docket control prior to mailing to ask specifically how many copies we needed to send and was told fifteen (15) and the original. Twenty days have been lost in this process because of bad information from Docket Control. Enclosed find correspondence from docket control.

Sincerely,

Bob Frisby

## PUBLIC NOTICE OF HEARING ON THE JOINT APPLICATION FOR APPROVAL OF THE SALE OF ASSETS AND TRANSFER OF CERTIFICATE OF CONVENIENCE AND NECESSITY OF LITTLEFIELD WATER COMPANY TO BEAVER DAM WATER COMPANY; FOR AN ADDITIONAL EXTENSION OF BEAVER DAM WATER COMPANY'S CERTIFICATE OF CONVENIENCE AND NECESSITY; AND FOR RELATED FINANCING APPROVALS FOR BEAVER DAM WATER COMPANY (Docket No. W-03067A-04-0445 et al.)

On June 15, 2004, Beaver Dam Water Company, Inc. ("Beaver Dam") filed an application with the Arizona Corporation Commission ("Commission") for an extension of its Certificate of Convenience and Necessity ("CC&N") to provide water service to an area in Mohave County, and also filed an application for approval of long-term financing. On September 9, 2004, Beaver Dam amended its CC&N extension application to include additional territory. Also on September 9, 2004, Beaver Dam and Littlefield Water Company ("Littlefield") filed a joint application with the Commission requesting approval of the sale of Littlefield's assets and transfer of Littlefield's CC&N to Beaver Dam. If the above-described consolidated applications are granted, Littlefield will no longer provide service in its certificated territory, but Beaver Dam would be the exclusive public provider of water in Littlefield's territory as well as in the proposed extension area, and will be required by the Commission to provide service to all the affected areas under rates and charges and terms and condition established by the Commission.

The applications are available for inspection during regular business hours at the offices of the Commission in Phoenix, at 1200 West Washington Street, Phoenix, Arizona, and at the offices of Beaver Dam, 3333 E. Clark Gable Dr., Beaver Dam, Arizona. The recommendations of the Commission's Utilities Division Staff on the consolidated applications will also be available at those locations after November 30, 2004.

The Commission will hold a hearing on this matter beginning December 16, 2004 at 1:30 p.m., at the Commission's offices, 1200 West Washington Street, Phoenix, Arizona. Public comment will be taken on the first day of the hearing.

The law provides for an open public hearing at which, under appropriate circumstances, interested parties may intervene. Intervention shall be permitted to any person entitled by law to intervene and having a direct and substantial interest in the matter. Persons desiring to intervene must file a written motion to intervene with the Commission, which motion should be sent to the companies or their counsel and to all parties of record, and which at the minimum, shall contain the following:

- 1- The name, address, and telephone number of the proposed intervenor and of any party upon whom service of documents is to be made if different than the intervenor.
- 2- A short statement of the proposed intervenor's interest in the proceeding (e.g., a customer of the companies, a shareholder of the companies, etc.).
- 3- A statement certifying that a copy of the motion to intervene has been mailed to the companies of their counsel and to all parties of record in the case.

The granting of motions to intervene shall be governed by A.A.C. R14-3-105, except that all motions to intervene must be filed on or before November 19, 2004. The granting of intervention, among other things, entitles a party to present sworn evidence at hearing and to cross-examine other witnesses. Failure to intervene will not preclude any potential customer from appearing at the hearing and making a statement on such person's own behalf. You will not, however, receive and further notice of the proceeding unless requested by you.

If you have any questions about these applications, wish to file written comments, or want further information on intervention, you may contact the Consumer Services Section of the Commission at 1200 West Washington Street, Phoenix, Arizona 85007, visit the Arizona Corporation Commission's webpage at <http://www.cc.state.az.us/utilities/forums/index.htm>, or call 1-800-222-7000.
